TERM 3 Week 4
Tuesday 7th August 2012

Principal's Note:

Thank you to everyone for returning the Cross-country and MSSN Fun Day permission notes and lunch orders.

As Dalgety School is now being charged commercial rates for our rubbish collection we are focussing more on recycling. Where possible could students' recess and lunch be placed into containers or recyclable packaging, the alternative is we will be asking students to take their packaging home. We are looking at restarting our worm farm during spring. Thank you for your help with this.

Our school day commences at 9am, it would be great if students could arrive 10mins earlier. This allows them to hang their bags up, get their homework folders and books needed for the day and placed on their desks as well as doing their rostered jobs all in a timely manner to be ready to begin the morning reading program when the bell goes. Thanks for your help.

Big congratulations to Georgia and Maddy! Both girls represented Dalgety PS in the Interschool's competing in the Mogul, Alpine and SkierX events and have earned a place in the State Interschool's Mogul competition to be held later this month. Well done and good luck!

Downhill Skiing continues this Friday, if your child is sick please notify me on the school mobile 0447 843 963.

STUDENT'S WRITTEN WORK

Working Together

We get good answers by working together. If there is any problem that needs to be solved, people can talk about how to find a solution. No single person has all the answers; even Ms Hayes doesn't know everything, even though she knows a lot. People need to share and discuss their problems. In Soundwaves Maddy and I often work together to get it completed quickly and efficiently. By Georgia

If you can't say anything nice....

When people say things about you that make you sad it can hurt your feelings. Sometimes people say if you don't have anything nice to say then don't say anything at all. This means if you can't say anything nice about someone you're probably better off keeping your mouth shut. All people should treat other people as they want to be treated themselves. By Maddy

Some of our Students narratives

Long ago some scary monsters lived in a cave. They chased humans and tried to eat them. So Superman taught the monsters to be nice. By Charlie

The Princess

Many moons ago a princess lived in a brick castle. The dragon blew fire all around the castle. The prince chased the dragon away forever and the dragon never came back. By Tara
